Dear ETC Staff,

Enclosed you will find the materials you sent us last year when we began the program for our son, Bryan.

We are so thankful to have found this program and feel that it has been a success. Michael and the rest of the staff have been a pleasure to work with over the past year.

We would definitely recommend ETC to anyone who has the need to stop bedwetting because this program works!

Thank you again for all your support,

Mark & Margo
