
A Boost of Confidence & No Longer Feels Different

Thank you also for helping us at such a critical time in our daughter's life. Andie is doing great and she no longer has to be embarrassed about pull ups, waking up wet, sleep overs, smelling like urine in the morning and other things I didn't mention.

This has boosted her confidence and she no longer feels like she is 'different'.

Karen, You and the Enuresis Treatment Center Program have changed all our lives and we are forever grateful.

Sincerely,
Jeff, Isa and Andie
